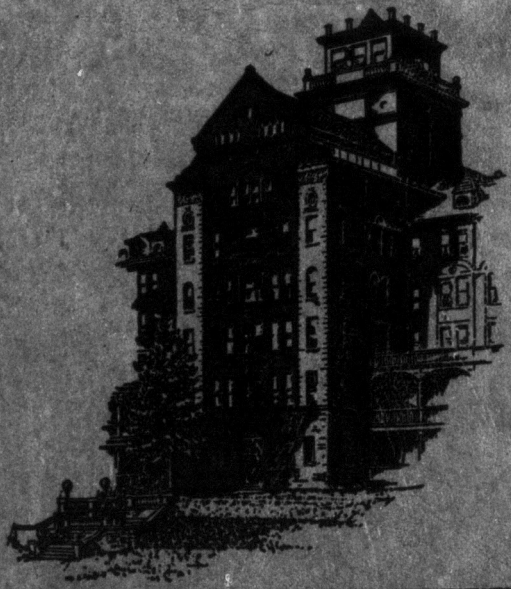
The College Quarterly

Catalog Number

1931

State Teachers College, Mansfield, Pa.



Mansfield State Teachers College is a member of the American Association of Teachers Colleges, and is listed by this standardizing agency as a class "A" college.

The College Quarterly

Published by the Trustees of the State Teachers College of the Fifth Normal School District of Pennsylvania.

Issued quarterly, in the months of February, May, August and November.

All communications should be addressed to William R. Straughn, President, Mansfield, Pa.

Entered as second-class matter, Februarry 24, 1915, at the post-office at Mansfield, Pennsylvania, under the Act of August 24, 1912.

VOLUME 5 FEBRUARY, 1931 NUMBER 1

If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples they will crumble into dust; but if we work upon immortal minds, if we imbue them with principles with the just fear of God and love of our fellew men, we engrave on those tablets something that will brighten all eternity.

—Daniel Webster.

Mr. L. M. Palmer, Mansfield, Pa.; Dr. C. W. Sheldon, Wellsboro, Pa.; Mr. A. B. Dunsmore, Wellsboro, Pa.; Mr. Philip Dewey, Gaines, Pa.; Mr. T. A. Crichton, Wellsboro, Pa.; Mrs. C. E. Bennett, Wellsboro, Pa.

HOW TO REACH MANSFIELD

Mansfield is thirty-six miles from Elmira, via the Erie railroad. Students coming via the Northern Central railroad, change at Elmira; those coming via the Pennsylvania Division of the New York Central change at Tioga or Lawrenceville. Passengers from the East, by the Erie, change at Elmira; by the Lehigh Valley, change at Waverly, thence to Elmira and Mansfield by Erie; by the D. L. & W., change at Elmira, thence to Mansfield by the Erie. Those coming from the West, on the Erie or D. L. &. W., change cars at Elmira.

The Susquehanna Trail connecting New York state highways with the large cities of the east passes through Mansfield. There is now a completed concrete road from the New York state line at Lawrenceville, south into Mansfield to Williamsport, Harrisburg, Philadelphia, and other cities. The east and west road of the state, the Roosevelt Highway, also passes through Mansfield. This has been completed. This junction of concrete roads places Mansfield advantageously on the principal highways for automobile service. There is a bus service from Towanda to Troy to Mansfield, and from Wellsboro to Mansfield, all the principal trains being met. Two auto busses daily leave Williamsport for Blossburg and Mansfield. These are operated over the concrete road. There is also bus service to and from Elmira. A macadam road from Mansfield direct to Elmira has been completed. Inquiry upon the part of students concerning these services will enable them to reach Mansfield in much less time than formerly. There is also excellent auto bus service now leaving Mansfield connecting with all the points named. These new highways are through the most beautiful country of the east.

All baggage should be distinctly marked with the name of the owner and "State Teachers College" to insure its being brought to the School building. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner.

A bulletin of information will be sent to all enrolled students about four weeks before the opening of school.

COMMENCEMENT—1931

Saturday May 23—11:00 A. M., General Alumni Meeting
1:00 P. M., Alumni Dinner

ADVANTAGES OF THE SMALL COLLEGE

It should never be forgotten that the small college rather than the great university is the backbone of higher education in the United States. The work done in the two types of institutions overlaps broadly, but neither entirely covers the field of the other. In graduate, professional and highly specialized studies the little fresh-water college cannot compete with the great university; but in laying the foundations of a liberal education, in forming character by benign human contacts, in fitting the student for life itself rather than for the job that is but part of life, the small college still stands without a rival.

The very limitations of the small institution preserve it from the danger of becoming unwieldly, top-heavy or over-exerted. What it lacks in plant it makes up for in personnel. Its very smallness encourages individuality rather than standardization. The human contacts are closer. Men play a larger and freer part. They are not overwhelmed by rules, buildings, overwide choice of courses, complex social life and over-elaborate administration. There is as much to be said for the simple life in education as in the world at large. In all essentials a college is merely a group of teachers and learners. A dozen young men gathered in a quiet, shady place might be the kernel of an institution of the soundest learning, if only a Plato sat in their midst.

Associated with the great universities are great and learned men by the score; but as students multiply, their work must become more and more executive in its nature. They must distribute their courses among more subordinates and suffer their own personalities to be diluted by those of their assistants. Whether they will or no, they must face the problems of mass production.

Editorial: Saturday Evening Post, July 19, 1924.

SUMMARY OF REQUIREMENTS FOR ADMISSION

Adopted March, 1926.

A. Education:

Admission to a State Normal School or a State Teachers College shall be on a basis of graduation from an approved four-year high school, or equivalent training in an approved private secondary school.

Graduates of senior high schools in a school district maintaining an approved junior high school organization will be admitted on evidence of twelve units of preparation earned in grades 10, 11 and 12.

A unit represents not less than 120 sixty-minute periods of prepared work, or the equivalent.

Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in additional subjects taken in course in county superintendents' offices in all counties having such students at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruction, under a co-operative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the Normal Schools or at any one of the centers where State examinations are regularly conducted, namely, Philadelphia, Harrisburg, Pittsburgh, and Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high school work. All inquiries should be addressed to the Credentials Bureau, Department of Public Instruction, Harrisburg, Pa.

Credentials of all students entering the State Normal Schools or Teachers Colleges on the basis of an approved four-year preparation shall be received and evaluated by the school; students not having an approved four-year preparation or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Bureau of the Department of Public Instruction.

Graduates of approved four-year high schools or of equivalent private secondary schools who desire admission to a State Normal School or Teachers College without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the principal of the State Normal School or Teachers College. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible, by the local superintendent of schools.

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no student may obtain a Normal School certificate without a minimum residence of one year. (Teachers who have been granted credit for experience may finish a two-year curriculum with a minimum residence of one-half year.) (See below.)

B. Health:

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission. Applicants disqualified, by reason of physical defects, from the successful performance of the duties of a teacher will not be admitted.

Mansfield advises all prospective students to be vaccinated for small-pox; and to have had serum treatments, as approved by the medical profession, for diphtheria and scarlet fever, unless having been rendered immune by having had the disease. These precautions may eventually save you much loss of time, both as student and as teacher, besides being a safe-guard to health.

C. Character:

All applicants for admission shall present evidence of good moral character and ideals characteristic of the teaching service.

D. Scholarship:

A student once admitted to Mansfield must establish himself as satisfactory. He must show that he has the capacity to do academic and professional work of college grade, and that he is in accord with the ideals of teacher training.

STUDENTS PREPARING FOR ELEMENTARY TEACHING MUST SELECT ONE OF THREE CURRICULA

The three curricula have been organized upon the necessity of specialization even in the field of elementary teaching. Each curriculum prepares for a specific type of teaching position.

The work of the first semester is the same for all students. A large purpose of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching" which includes observation and participation in the training school, is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students who plan to be in the Normal School for two years only are asked to select one of the three curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

NOTE:—The terms Normal School, Normal School certificate or diploma, and Normal School graduate, as used in this catalogue, refer to the type of organization still maintained in connection with the operation of the two year curricula.

COURSE OF STUDY

GROUP I

TWO-YEAR CURRICULUM FOR KINDERGARTEN AND PRIMARY GRADES 1, 2, 3

Note: The first figure following a subject indicates the number of 50 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course. Figures in parenthesis indicate sequential courses in a given subject.

FIRST SEMESTER

Educational Biology	3	3
Introduction to Teaching	3	3
English (1)	3	3
Music (1)	4	2
Art (1)	4	2
Oral Expression	2	2
Handwriting	2	1
Physical Education	3	1

Technique of Teaching	2	2
Teaching of Reading	3	3
Physical Education (4)	3	1
	21	16

REQUIREMENTS FOR GRADUATION FROM TWO-YEAR CURRICULA AND CREDENTIAL

The completion of the 68 required semester hours in a two-year curriculum entitles the student who meets all other legal requirements to the Normal School certificate which is a valid state license to teach in the elementary schools for two years. On the completion of two years of successful teaching. the Normal School Certificate is made into the Normal School Diploma which is a valid life license to teach in the elementary schools of Pennsylvania.

ADVANCED TWO-YEAR CURRICULUM LEADING TO B. S. IN EDUCATION

Open Only to Those Who Have Completed the Work of Groups I, II or III (Rural).

Conditions of Entrance to the Third Year of the Four-Year Curriculum in Elementary Education.

1. All persons who have completed the work of Groups I, II, or III, (rural, formerly IV) are admitted to third year standing provided they have previously completed the work of a four-year high school and all such persons must complete 68 hours of work beyond graduation from Groups I, II, or III (rural, formerly IV) as these were, prior to September 1, 1926, organized and administered.

2. All credits for work less than that required at a State Normal School for graduation between September, 1920, and September, 1926, shall be evaluated by multiplying the number of semester hours already earned by .85.

The following table applies this ratio to enough typical cases to illustrate the principle:

Former Semester Hours		New Semester Hours
6	x.85=	5.0
11	x.85=	9.0
22	x.85=	19.0
36	x.85=	31.0
60	x.85=	51.0

Rule: If the decimal is less than .5, disregard it; if it is .5 or more, count it as a unit.

3. All persons who graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their Normal School work.

4. Graduates of the State Normal Schools who have had four years of high school preparation may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which when issued by the Credentials Bureau, will be accepted by the State Normal Schools as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September, 1926, will be evaluated as indicated above.

5. No credit for public or private school teaching experience previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the advanced two-year curriculum.

FIFTH SEMESTER

Opportunity is provided so that a student may complete in this semester the work of the first two years in the curricula which he did not pursue, as follows:

1. Graduates of Group I will take:				
Teaching of Arithmetic			3	3
Teaching of Geography			3	3
Teaching of English			3	3
Teaching of Social Studies			3	3
			12	12
2. Graduates of Group II will take:				
Teaching of Primary Reading			3	3
Teaching of Numbers			2	2
Teaching of Primary Subjects			4	4
Kindergarten-Primary Theory			2	2
			11	11
3. Graduates of Group III will take:				
Teaching of English			3	3
Teaching of Numbers			2	2
Teaching of Primary Subjects			4	4
Kindergarten-Primary Theory			2	2
			11	11
Total taken by a Student as above	11	11 or 12	12	12
Educational Psychology	3	3	3	3
Economic Biology	4	3	4	4
	18	17 or 19		18
SIXTH SEMESTER				
History of Education			3	3
English Literature			2	2
Descriptive Astronomy			3	3
Economics			3	3
Physiography			4	3
Teaching and Supervision of Arithmetic in Elementary School			3	3
			18	17
SEVENTH SEMESTER				
Principles of Education			3	3
American Literature			2	2
American Government			3	3
Principles of Human Geography			3	3

2. Elective:		
Free		4
In two fields, 18 in each		36
		136

ELECTIVE FIELDS FOR PROSPECTIVE HIGH SCHOOL TEACHERS

The person who is to teach successfully in the junior high school must have, in addition to what has been prescribed, a special preparation in at least two fields. A third field, in which less preparation is possible, is also desirable. There are electives in six fields.

ELECTIVE ARRANGEMENTS OF FOUR YEAR HIGH SCHOOL FIELDS

(Six Semester Hours in Each of Two Fields for Three Years)

Electives in English

3— 3 Teaching of English in Junior High School
3— 3 Philology and Grammar
3— 3 Contemporary Poetry
3— 3 Short Story
3— 3 Elizabethan Drama
3— 3 Modern Novel

18+18 Required=36

Electives in Science

6— 6 Chemistry
6— 6 Physics
3— 3 Economic Biology
4— 3 Advanced Biology
3— 3 Descriptive Astronomy
3— 3 Teaching of Science in Junior High School
3— 3 Physiography

27+6 Required=33

Electives in Geography

3— 3 Economic Geography
3— 3 Physiography
3— 3 Geography of European Countries
3— 3 Geographic Influences in American History
3— 3 Geog. of U. S. and Canada.
3— 3 Geog. of Latin America

18+6 Required=24

Electives in Social Studies

3— 3 Teaching of Social Studies
3— 3 Early European History
3— 3 Modern European History
3— 3 American History to 1865
3— 3 American History Since 1865
3— 3 Political Science

18+15 Required=33

Electives in Mathematics

12—12 Mathematical Analysis (A practical two-year course in Algebra, Trigonometry, Analytical Geometry, the Differential and Integral Calculus.)
3— 3 Teaching of Junior High School Mathematics
3— 3 Teaching of Algebra and plane Geometry

18—18, and none required, =18

Foreign Languages

15—15 in French or Latin or German
After two years High School French or three years High School Latin
3— 3 Teaching of Languages

18—18, and none required, =18

PREREQUISITES FOR THE ELECTION OF FIELDS IN THE HIGH SCHOOL CURRICULUM

Electives, however, are particularly liable to misuse unless carefully safeguarded. The selection of electives is deferred until the end of the first year and is subject to the following:

1. To elect Science, a student must present a unit in Chemistry and a unit in Physics.

2. To elect Social Studies, a student must present two high school units in social studies.

3. To elect Mathematics, a student must present one high school unit in Algebra and one high school unit in Plane Geometry, or two units in Composite Mathematics, one of which at least must have been taken in the Senior High School.

4. To elect French, a student must present two high school units in French.

5. To elect Latin, a student must present three high school units in Latin.

When a student has chosen his elective fields, his curriculum becomes a closed series of courses not subject to change without loss of credit.

A graduate in this course will be entitled to teach in any High School (Junior or Senior) the subjects in which he has 18 semester hours of credit.

MUSIC DEPARTMENT

MUSIC SUPERVISORS' COURSE
(B. S. in Music)

Entrance Requirements

The possession of an acceptable singing voice and of a fairly quick sense of tone and rhythm.

Ability to sing at sight hymn and folk tunes with a fair degree of accuracy and facility.

Ability to play the piano or some orchestral instrument representing two years' study.

A general academic education, representing a four year high school course or its equivalent, including the ability to speak, write and spell the English language acceptably.

Expenses

The expenses are fully listed elsewhere in this catalog.

The outline of the curriculum follows:

FIRST SEMESTER

Elementary Theory	3	3
Sight Reading (1)	5	2½
Dictation (1) (Ear Training)	5	2½
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Educational Biology	3	3
English (1)	3	3
Physical Education (1)	3	1
	26	17

SECOND SEMESTER

Harmony and Melody (1)	3	3
Sight Reading (2)	3	1½
Dictation (2) (Ear Training)	3	1½
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Introduction to Teaching	3	3
English (2)	3	3
Physical Education (2)	3	1
Oral Expression	2	2
	24	17

THIRD SEMESTER

Harmony and Melody (3)	3	3
Sight Reading (3)	3	1½
Dictation (3)	3	1½
Violin Class (1)	2	2
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Psychology and Child Study	3	3
Elective	3	3
Physical Education (3)	3	1
	24	17

FOURTH SEMESTER

Harmony and Melody (3)	3	3
Sight Reading (4)	3	1½
Dictation (3) (Harmonic)	3	1½
Violin Class (2)	2	2
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Educational Psychology	3	3
Elective	3	3
Physical Education (4)	3	1
	24	17

FIFTH SEMESTER

History of Music and Appreciation (1)	3	3
Child Voice and Rote Songs with materials and methods for grades 1, 2, 3	3	3
Harmony (4) (Keyboard)	3	3
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
History of Education	3	3
Elective	3	3
	19	17

SIXTH SEMESTER

History of Music and Appreciation (2)	3	3
Materials and Methods, Grades 4, 5, 6	3	3
Harmony (5) (Musical Form and Analysis)	3	3
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Educational Sociology	3	3
Elective	3	3
	19	17

SEVENTH SEMESTER		
Harmony (6) (Composition)	3	3
Games, Pageantry and Folk Dancing	3	3
Orchestral and Choral Conducting	3	3
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	4	2
Principles of Education	3	3
Elective	3	3
	19	17
EIGHTH SEMESTER		
Materials and Methods, Jr. and Sr. High School	3	3
Community Music	1	1
Voice, Piano, Organ, Violin, Chorus, Orchestral and Band Instruments—Arrange work for greatest benefit of students	2	1
Student Teaching	13	10
Technique of Teaching	2	2
	21	17

N. B.—The fifteen hours of elective work must be chosen from one field.

The graduate may teach this subject, as well as music, in any public school, including high schools.

DESCRIPTION OF COURSES IN THE MUSIC CURRICULUM

Elementary Theory. 3 hours per week, 3 S. H. Credit:

This course is designed to build a foundation for further music study through a working knowledge of the fundamentals of music notation, tonal and rhythmic, the major, minor and chromatic scales, rhythmic problems, transpositions, intervals, triads, and musical terminology. The written work is accompanied by constant practice in hearing, singing, and keyboard work.

SIGHT READING COURSES

The work in the sight reading courses begins with the most elementary phases of the study and use of notation. Completion of the courses requires ability to read, think, and execute difficult passages in any key or clef with ease and fluency. Interpretation is stressed.

Sight Reading (1). 5 hours per week, 2½ S. H. Credit:

Sight Reading (1) covers the work equivalent to the first four years of public school music.

Sight Reading (2). 3 hours per week, 1½ S. H. Credit:

Sight Reading (2) completes the work of the intermediate grades and the first two years of the Junior High School.

Sight Reading (3). 3 hours per week, 1½ S. H. Credit:

A continuation with exercises and songs of increasing difficulty both tonal and rhythmic. Emphasis on reading from any clef. Study and application of additional tempo, dynamic and interpretative markings.

Sight Reading (4). 3 hours per week, 1½ S. H. Credit:

Sight Reading (4) is devoted to practice. Speed and accuracy is demanded. New material is constantly used, resulting in an extensive survey of song material.

DICTATION (EAR TRAINING)

These courses are designed to develop the student's ability to think tonal relationships and sense rhythm.

Dictation (1) (Ear Training). 5 hours per week, 2½ S. H. Credit:

A study of tone and rhythm planned so that the student gains power to recognize, visualize, sing and write melodic phrases in all keys. This course covers the ear training necessary for the first six grades of the public schools.

Dictation (2) (Ear Training). 3 hours per week, 1½ S. H. Credit:

A continuation of the study of tone and rhythm, covering the work of the seventh and eighth grades in the public schools. A considerable portion of the time is devoted to the development of the power to hear and write two parts simultaneously.

Dictation (3) 3 hours per week, 1½ S. H. Credit:

A study of the more difficult tonal problems and complicated rhythms. This course completes the study of melodic dictation, giving special emphasis to the development of musical memory and the resulting ability to write comparatively long melodic phrases after one hearing.

Dictation (4) (Harmonic). 3 hours per week, 1½ S. H. Credit:

Designed to develop increasing ability to recognize and write chord progressions, utilizing the various harmonies as they are successively acquired.

HARMONY COURSES

The purpose of the courses in harmony is that through a more intelligent understanding and handling of the materials of music there may be developed in the student a deeper understanding, appreciation and enjoyment of what is good and beautiful in the work of others, and a measure of creative ability on his own part.

The written work throughout the course is accompanied by harmonic dictation, analysis and practice at the keyboard, and from the outset gives play to the creative impulse of the student.

Harmony and Melody (2). 3 hours per week, 3 S. H. Credit:

Harmony (1) covers harmonization in four voices over a given bass, the inversion of triads, the construction of melodies over accompaniments, the avoidance of parallel fifths and octaves, the dominant seventh chord in fundamental position and inversion with its resolution, serial modulations, directly related keys, the harmonization of given melodies.

Harmony and Melody (2). 3 hours per week, 3 S. S. Credit:

Harmony (2) includes the use of the 6-4 chord, the abbreviated dominant seventh chord, secondary chords of the subdominant, the dominant of the dominant, rules for melodic modulations, the use of suspensions and retardations, passing notes of various species, the working out of a continuous motus from a given germ set with embellishments.

Harmony and Melody (3). 3 hours per week, 3 S. H. Credit:

Harmony (3) treats of the auxiliaries of various species, charging notes, anticipation, the dominant ninth and abbreviated dominant ninth chord as applied to the harmonization of melodies and to modulations, imitations, modulations, indirectly related and to foreign keys.

Harmony (4) (Keyboard). 3 hours per week, 3 S. H. Credit:

The object of this course is to prepare for greater efficiency as a supervisor or teacher of music through increased understanding and facility in the use of the piano and to correlate it with the work in harmony.

It includes the harmonization at the keyboard of familiar folk songs and of melodies familiar and unfamiliar, of the rote song type, utilizing the various harmonies at the disposal of the class; and in the reading at sight of music of moderate difficulty, with emphasis upon the playing of accompaniments, and with some experience in reading from the vocal score and in transposition.

Harmony (5) (Musical Form and Analysis). 3 hours per week, 3 S. H. Credit:

This course includes a study of the figure and motive, the phrase cadences, period forms, two part and three part song forms, rondo forms, the sonatine form, the sonata allegro form. The work is accompanied by constant analysis and by original composition in the smaller forms.

Harmony (6) (Composition). 3 hours per week, 3 S. H. Credit:

The work includes secondary chords of the tonic and dominant, altered chords, additions, embellishments. Original composition is continued in various vocal and instrumental styles.

Child Voice and Rote Songs with Materials and Methods for Grades 1, 2, 3. 3 hours per week, 3 S. H. Credit:

A comprehensive study of the use of the child's singing voice in the primary grades, including the treatment of monotones; acquaintance with the best collections of rote songs and practice in choosing, memorizing, singing and presenting a large number of these songs; methods of presenting rhythm through singing games and simple interpretative movements; beginnings of directed music appreciation; foundation studies for later technical developments.

Materials and Methods for Grades 4, 5, 6. 3 hours per week, 3 S. H. Credit:

A study of the child's singing voice in the intermediate grades; special attention to the formal or technical work of these grades, with an evaluation of important texts and recent approaches. Preparation of lesson plans, making of outlines and observation is required. Music appreciaton is continued.

Materials and Methods, Junior and Senior High School. 3 hours per week, 3 S. H. Credit:

The Junior and Senior High School problems are treated separately through an analysis of the specific problems, year by year, or in special groups. Attention is given to materials and methods relative to the elementary theory, music appreciation, and class instruction in band organization and directing of courses, glee clubs, orchestra, band and orchestral instruments. Study in the testing and care of the adolescent voice, choral, orchestral, and band conducting.

Orchestral and Choral Conducting. 3 hours per week, 3 S. H. Credit

Principles of conducting; study of methods of conductors, adaptation of methods to school situations, a study of the technique of the baton with daily practice, score readings, making of programs. Selection of suitable materials for various school groups. Reading and reports.

Community Music. 1 hour per week, 1 S. H. Credit:

A discussion of the purpose of community music; of the ideas and forces underlying the movement; of the lines of work included, of the qualifications necessary for success as a director of community movements; of the relations of the supervisor to the community; and of the organization and practical details and handling the various musical activities involved.

VIOLIN CLASSES

The aim for this work is to teach methods by which class instruc-on the violin is carried on in the public schools:

Violin Class (1). 2 hours per week, 2 S. H. Credit:

Class discipline, instruction in tuning instruments, and acquainting the student with the principles and possibilities of violin playing, such as:

a. Technique of the bow.
b. Left hand technique.

Violin Class (2). 2 hours per week, 2 S. H. Credit:

A continuation of the above with ensemble work, materials which can be used for class instruction, and Practice Teaching.

THE HISTORY OF MUSIC AND APPRECIATION

The purpose is to illuminate the entire course of study through a study of the development of the art of music from primative beginnings to the present time. To this end the work is illustrated throughout, and includes a discussion of current musical developments.

History of Music and Appreciation (1). 3 hours per week, 3 S. H. Credit:

The first developments are treated briefly and special emphasis laid on the work of the contrapuntal schools, the development of the harmonic idea in composition, and the rise of the opera and oratorio.

History of Music and Appreciation (2). 3 hours per week, 3 S. H. Credit:

Emphasis is placed on the growth of musical movements and forms, and on the lives, works and influences of the great composers.

Games, Pageantry, and Folk Dancing. 3 hours per week, 3 S. H. Credit:

This course considers the utilization of music in connection with games, with pageants, and with folk dancing. This utilization is two fold—viz; applying music to existing games, pageants, and dances and developing games, pageants and dances suitablt to existing music. The entire work centers about effective school procedures.

Voice, Piano, Organ, Chorus, Orchestral and Band Instruments. 4 hours per week, 2 S. H. Credit:

The work in the foregoing fields will be organized from the standpoint of the development of musicianship in the individual student. The work continues through eight semesters and assures a well-rounded and many sided acquaintance with various musical techniques.

SUPERVISORS' CHORUS

This organization numbers one hundred and thirty. Students from other departments in the college are eligible. Fine musical literature is studied each year and several concerts given.

VESTED CHOIR

The choir is made up of fifty-five selected voices and is primarily used for the Vesper services.

SUPERVISORS' CLUB

All Music Supervisors belong to this organization. Many very fine and varied programs are given during the year. Belongs to the State and National Federation of Music Clubs.

SYMPHONY ORCHESTRA

A Symphony Orchestra made up of sixty players, composed of students of the college, is maintained, giving opportunity to Music Supervisors and players from the regular student body who can qualify to become acquainted with the best forms of orchestral literature. Several of the greater symphonies are studied each year and one or two presented in concert.

CONCERT BAND

The Concert Band is made up of forty of the best players on the instruments that make up a symphonic band. The library repertoire is large enough so that a player may participate his entire four years here and become acquainted with new material each year. The best musical literature properly arranged for a band is being continually added.

SECOND ORCHESTRA AND SECOND BAND

The second band and second orchestra each numbers about sixty players, some of whom are as good players as those in the first organizations. Here it is that players seek to improve their technique. They also become acquainted with a wide repertoire of the best literature that is being used in grade and other organizations in the public schools. From these organizations players are taken for the concert orchestra and band.

INSTRUMENTS

The school owns many fine instruments. Among them are a set of pedal tympani, large and small drums, four oboes, two bassoons, two French horns, bass clarinet, orchestra bells, four double basses, four violas, two 'cellos and other instruments. Players are developed on these instruments and the benefit is mutual.

ORGAN

The fine Austin Organ has recently been rebuilt and several new stops added, making it one of the finest instruments in this part of the state. A limited number of students are recommended for organ work, usually seniors.

LESSONS

Private work in piano, voice, violin and other instruments is offered by exceedingly well trained and successful teachers.

TRAINING SCHOOL

The boro schools offer unequalled opportunity for practice teaching from kindergarten through grades, junior and senior high schools. Song singing, sight reading, music appreciation, rhythm and harmonica bands, piano classes, voice classes, glee clubs, bands, orchestras, instrumental classes are maintained.

HOME ECONOMICS DEPARTMENT

B. S. IN HOME ECONOMICS

136 Semester Hours Required

The requirements for admission are graduation from a four year high school or the equivalent. Students must offer both high school Chemistry and Physics, preparatory to taking this course. In 1929 this became an absolute requirement. A student who has had high school Chemistry, but not Physics, may make up the high school deficiency in the Mansfield High School, or otherwise, without necessarily being retarded in the course, as Household Physics does not come until the third year. This deficiency must be made up without credit. It is more serious for a student to enter without having had high school Chemistry, as such student must have had this elementary course in Chemistry in order to continue the course in Inorganic Chemistry for the first semester and thereafter. The high school Chemistry may be made up after a student enters but the student will undoubtedly lose some time, and it may require a summer session or more extra because of this loss of time. The high school Chemistry must be made up without credit.

Eligibility to certification for all types of Home Economics positions, including Smith-Hughes vocational schools, is earned with graduation. A graduate may also teach English.

FIRST SEMESTER

Principles of Design (1)	4	3
Clothing (1)	9	5
Physiology and Hygiene (Bio. 1)	2	2
English (1)	3	3
Inorganic Chemistry (1)	4	3
Physical Education (1)	3	1

*These two courses alternate for the two divisions of the class.
**Minimum 20 hrs. weekly for six weeks.

DESCRIPTION OF HOME ECONOMICS COURSES

FIRST SEMESTER

Principles of Design (1). 4 hours per week, 3 S. H. Credit:

Study of principles which underlie all design and color. The aim is to develop an understandng of, and a taste for, good design and color. Fee for materials used.

Clothing (1) (Garment Making and Textiles). 9 hours per week, 5 S. H. Credit:

The fundamental processes in technique of clothing construction are taught through the construction of undergarments, household articles, cotton and linen dresses. The use of drafted and commercial patterns and the use of the sewing machine and its attachments are included. A study of textiles used, a study of standard textiles, historic and economic phases of the textile industry, are included. Systematic keeping of personal accounts is recommended as a basis for budgeting in later courses.

Students provide own materials subject to the approval of the instructor.

Physiology and Hygiene (Biology 1). 2 hours per week, 2 S. H. Credit:

Biological principles as studied in the activities and functions of the human body. The digestive process in the inter-relationships of the various systems of organs of the nervous system, respiration, circulation, excretion, with cell action in metabolism.

Inorganic Chemistry (1). 4 hours per week, 3 S. H. Credit:

Laboratory fee is charged.

A study of the laws and theories of general inorganic Chemistry and the non-metallic elements with their compounds.

English (1) Fundamentals. 3 hours per week, 3 S. H. Credit.

Physical Education (1). 3 hours per week, 1 S. H. Credit:

SECOND SEMESTER

Principles of Design (2). 3 hours per week, 2 S. H. Credit:

This course deals with the appreciation and application of principles of design and color in selecting furnishings for the home. It includes a study of historic and modern types of furniture and furnishings.

Fee for materials is charged.

Foods (1). 7 hours per week, 3½ S. H. Credit.

Pre-requisite—General Chemistry I and II.

A fundamental course in the study and application of scientific principles of food preparation and marketing. Lectures, discussions and laboratory work on composition, sources, methods of manufacture, selection, preparation, service and comparative nutritive and economic value of commonly used foods; planning and serving of breakfasts and luncheons on a family basis.

Laboratory fee is charged.

Bacteriology (Biology 2). 5 hours per week, 2½ S. H. Credit:

Laboratory fee is charged.

The course is designed to give a general knowledge of the activities of bacteria, yeasts and molds. Special attention is given to microorganisms in relation to problems of food preservation and preparation; personal, home and public sanitation; immunity.

The laboratory work includes growth and study of various organisms on cultural media and microscopic study of pathogenic and nonpathogenic organisms.

Inorganic Chemistry (2). 4 hours per week, 3 S. H. Credit:

Laboratory fee is charged.

A study of the common metals and their compounds. The last nine weeks will consist of qualitive analysis.

Home Management (1). 4 hours per week, 2 S. H. Credit:

This course includes time and energy studies of the ordinary household duties in an average home. Selection of working equipment for the home is also considered, as well as arrangement of equipment to prevent fatigue of the worker, improved methods of work and more efficient planning on the part of the homemaker. Some practical experience in care of the house, laundering, and cleaning will be given.

English (2) Composition. 3 hours per week, 3 S. H. Credit.

Physical Education (2). 3 hours per week, 1 S. H. Credit.

THIRD SEMESTER

Organic Chemistry. 4 hours per week, 3 S. H. Credit:

Laboratory fee is charged.

A study of the compounds of the alipathic and aromatic series; the alcohols, amines, ethers, aldehydes, ketones, mercaptans and other special organic compounds. Their recognition and application in household problems.

Applied Design (1) (Costume). 3 hours per week. 2 S. H. Credit:

Pre-requisite courses—Principles of Design 1 and 2.

Parallel course, Clothing (2.)

This course deals with the principles of design and color in their application to costume and to the individual. It includes a study of the human figure, irregularities of form and corrective methods applied to costume. Application of the above priniciples, designs, and problems, is made and carried out in Clothing II and Clothing III. A study of historic types is included.

Clothing (2). 6 hours per week, 3 S. H. Credit:

This course includes the use of dress forms, principles of fitting, designing garments on the dress form, and problems in tailoring, such as blouses, shirts, and skirts.

Foods (2). 5 hours week, 3. S. H. Credit:

Pre-requisite courses—Foods (1), Biology (1) and (2), Chemistry (1) and (2).

This course is a continuation of Foods I in advanced cookery processes. It includes the planning, preparation and serving of dinners on a family basis.

Laboratory fee is charged.

Introduction to Teaching. 3 hours per week, 3 S. H. Credit:

Emphasis will be placed on general teaching methods.

English (3) (Oral Expression). 2 hours per week, 2 S. H. Credit.

Physical Education (3). 3 hours per week, 1 S. H. Credit.

FOURTH SEMESTER

Household Chemistry. 5 hours per week, 3 S. H. Credit:

Laboratory fee is charged.

A study of the composition of common food materials and methods of analysis applicable to foods; of fuels; of simple textile chemistry; of the chemistry of household cleansing materials and processes.

Applied Design (Household). 3 hours per week, 3 S. H. Credit:

An application is made of the principles, as studied in (1), to the home crafts such as tooled leather, batik, tied and dyed work, basketry, block printing.

Fee for materials is charged.

Home Nursing. 3 hours per week, 2 S. H. Credit:

The aim is to give a more intelligent understanding of the part the home plays in the maintenance of positive personal health. The relation of community health to individual health is also brought out. Work is given in first aid and emergencies, and in the care of minor illness in the home. Trips are made to nearby hospitals. Some practical experience is required.

Clothing (3). 6 hours per week, 3 S. H. Credit:

This course includes the application of principles of design and the development of standards of value in problems of clothing selection. The construction problems include an afternoon or evening gown, a tailored suit or coat, problems in renovation, and other problems according to individual or group needs.

Students provide own materials subject to the approval of the instructor.

Psychology and Child Study. 3 hours per week, 3 S. H. Credit.

English (9) (English Literature). 2 hours per week, 2 S. H. Credit.

Physical Education (4). 3 hours per week, 1 S. H. Credit.

FIFTH SEMESTER

Household Physics. 5 hours per week, 3 S. H. Credit:

Principles of Physics as applied to household problems involved in heating, lighting, ventilation, and the selection of efficient devices. Various kinds of household equipment applying these principles are studied.

Laboratory fee is charged.

Nutrition. 4 hours per week, 3 S. H. Credit:

Laboratory fee is charged.

Pre-requisites—Biology (1), Foods (1), and (2), Inorganic and Organic Chemstry.

The course includes a study of the nutritive value of foods and the essentials of an adequate diet; application of such knowledge to the requirements of the individual throughout childhood, adult life and old age in the light of the chemistry and physiology of digestion and the nutritive properties of the food elements. The course also treats of the adaptation of diet to disorders of nutrition.

Laboratory includes quantitive work with standard portions, shares of proteins, minerals and vitamins.

School Lunch and Family Nutrition. 10 hours per week, 3 S. H. Credit.

Pre-requisites—Chemistry, Foods, (1) and (2), Biology (1) and (2).

(Fifth or Sixth Semester)

This course is organized on the basis of two units, one unit of school lunch, one of family nutrition. To meet the need of a hot school lunch during the cold months, the school lunch unit is given during the last half of the first semester and the first half of the second semester.

The aim of this course is to give students experience in the planning and management, preparation and serving of a school lunch. The practical work is carried on in the Junior High School.

The purpose of the family nutrition unit is to provide an opportunity for the planning, marketing, preparation and serving of family meals and for the study and application of various forms of table service for informal, formal and special occasions.

Laboratory fee is charged.

Teaching Home Economics (Jr. Methods) 3 hours per week, 3 S. H. Credit:

Fee for mimeographed material.

Parallels student teaching (1).

This course includes a study of methods of teaching and observation of general Home Economics classes in the Junior and Senior high school grades as a basis for class discussions; planning lessons and courses of study for these groups.

Student Teaching and Directed Observation. 4 hours per week, 4 S. H. Credit:

(Fifth or Sixth Semester)

Teaching seventh, eighth, ninth grade classes in foods, clothing and other homemaking activities in the Junior High School.

Educational Psychology. 3 hours per week, 3 S. H. Credit.

English (5) (Children's Literature). 3 hours per week, 3. S. H. Credit.

SIXTH SEMESTER

The School Lunch and Family Nutrition. 10 hours per week, 3 S. H. Credit:

(Fifth or Sixth Semester)
(See Description above.)
or

Practice Teaching and Observation. 4 hours per week, 4 S. H. Credit.
(Fifth or Sixth Semester)
(See description above.)

Costuming (Millinery). 4 hours per week, 2 S. H. Credit:

The selection, designing, and construction of hats according to seasonal demands and to the individual wardrobe and economic needs. It includes problems in remodeling, and a problem in the selection of an entire outfit, part of which may be made and part purchased ready-to-wear.

A laboratory fee is charged to cover expense of materials provided. Other materials to be furnished by the student.

Home Management (2). 3 hours per week, 3 S. H. Credit:

This course deals with methods involved in applying scientific and economic principles to the care of the home. Attention is given to budgeting, household accounting, problems in buying, bank accounts, investments, household organization and other problems of home management.

Home Management (3) (Home Management House Residence). 3 S. H. Credit:

Small groups of girls live for six weeks in the Home Management House where they have the opportunity to apply the principles of home management.

Economics. 3 hours per week, 3 S. H. Credit.

Social Studies (9) (European Hist.). 3 hours per week, 3 S. H. Credit.

SEVENTH SEMESTER

Teaching Home Economics (Sr. Methods). 2 hours per week, 2 S. H. Credit:

This course includes a study of teaching methods applied to vocational Home Economics. It provides an opportunity to plan courses of study in all phases of homemaking for secondary schools, prior to the six weeks student teaching period in vocational departments in the public schools of the state.

Fee for mimeographed sheets.

Child Development. 3 hours per week, 3 S. H. Credit:

A study is made of the child and his development from the physical, psychological, social and recreational standpoints. The course includes practical laboratory experience in observing and caring for children.

English (10) (American Literature). 3 hours per week, 3 S. H. Credit.

Problems in American Government. 3 hours per week, 3 S. H. Credit.

Sociology. 3 hours per week, 3 S. H. Credit.

English (11) (Advanced Composition). 3 hours per week, 3 S. H. Credit.

EIGHTH SEMESTER

Student Teaching and Observation (Vocational). 20 hours per week, 4 S. H. Credit:

For a period of six weeks each senior is required to do student teaching in a vocational Home Economics department in one of the high schools of the state.

Family Relationships. 2 hours per week, 2 S. H. Credit:

The development of the family as an educational and social institution; standards of living; social and community responsibilities of the homemaker; the vocational life of girls and women outside the home in its relation to home life. The home economics movement, its development and influence upon the home and family life of today is studied in relation to counteracting the factors making for the disintegration of the home.

Clothing IV. 6 hours per week, 3 S. H. Credit:

Economics of clothing, including Children's Clothing.

"A high standard of consumption is a high sense of what is worth while doing and being in life."—Kyrk.

This course is designed to make the student a more intelligent consumer. Practical problems include planning, selection, and construction of clothing according to family budgets with emphasis placed upon the selective side.

Elective (English 15) (Contemporary Poetry). 3 hours per week, 3 S. H. Credit.

Principles of Education. 3 hours per week, 3 S. H. Credit.

SUMMER PROJECTS IN HOME ECONOMICS

At least two summer projects are required, one at the end of the Sophomore year, and the other one at the end of the Junior year. Additional projects will be required according to individual needs. Home practice work must be undertaken by all students during the summer following the Freshman year.

A home management project in the summer following the Sophomore year must be carried on for at least six weeks, preferably in the student's own home. It is recommended that the other project be a commercial one in order that the student may develop abilities and appreciation through the necessity of meeting commercial standards. The project may be carried on in a clothing shop, ready-to-wear department, garment factory, costuming shop, tea room, cafeteria, diet kitchen, summer camp or the like. This project must be carried for a period of from three to six weeks.

HOME MANAGEMENT

An attractive cottage on the campus is devoted exclusively to the work of the department. Students live here under supervision for practical experience in home management. Such training is of value to the student both from the standpoint of teaching Home Economics and from the standpoint of a member of a family group and future interests as a home-maker.

SUMMER SCHOOL OF 1931

DATE—The summer session opens Monday, June 15, and closes Saturday, July 25—six weeks in length. Students should plan to reach Mansfield during the morning of Monday, June 15. Do not come before.

EXPENSES AND FEES—There is no tuition expense except for non-residents of the state. Board is $8.00 a week, six weeks, $48.00. Enrollment fee is $15.00 for all students. (See elsewhere in this catalog state regulations regarding fees.) An advance room reservation deposit is to be paid when room is reserved in the dormitory. This is credited to the student's account. Books must be purchased. They will probably cost not more than $5.00. The full expenses of the summer session must be paid on the day of registration.

CREDIT SECURED AT SUMMER SESSION—By action of the Board of Presidents of the State Teachers Colleges, no students will be allowed to secure more than six semester hours of credit in the summer session. All of the work is of collegiate grade, and college standards will be maintained.

STUDIES OFFERED—Practically all of the work of the Regular College year will be offered in the coming summer session. Classes in any subject will be formed, provided there is sufficient demand.

WHAT THE STUDENT NEEDS TO PROVIDE—All rooms are completely furnished. Floors are hard wood. Students must provide napkins, towels, pillow-slips, sheets for single beds, and sufficient blankets or comfortables. The college does not provide any bed covers, Mansfield is in the hills and the nights are cool. Two blankets are not too many. Every student must have a laundry bag. All personal articles of clothing, sheets and towels, should be distinctly marked with printed name, according to the following directions demanded by The Mansfield Steam Laundry, which does our work under contract. Otherwise, the Laundry assumes no responsibility in case of lost articles.

1. All students (girls and boys) and faculty are required to use woven name tape on everything sent to the laundry. This tape may be purchased at most department stores or at supply houses. Or you may send to: J. and J. Cash, Inc., 66th St., South Norwalk, Conn., who advertise the following prices—3 dozen name tapes, $1.50; 6 dozen, $2.00; 9 dozen, $2.50; 12 dozen, $3.00. Buy a supply large enough to last for the year.

2. Woven name tape should be stitched beside manufacturer's brand on shirts and underwear. On more delicate lingerie, tape should be stitched under the arm.

3. All articles should be marked before student enters the college, as no arrangements can be made at the college for doing this, except by the student himself.

Please note that printed name on tape is what is expected, and not a name written in indelible ink, which in time fades away, and causes loss of article.

IMPORTANT—On the day you enter, bring in your hand bag or suit case two sheets and a blanket. You need these the first night, as your trunk may be delayed. Or, if you prefer, send two sheets for single bed and a pair of blankets by insured parcel post, addressed to yourself, in care of State Teachers College, Mansfield, Pa., and we will place this package in the room assigned to you.

OF SPECIAL INTEREST

Education means more than that which is received from text-books or imparted in the class room. There are certain cultural elements which will be found in every wisely educated person—elements that cannot easily be described, but the absence of which in anyone makes him a marked person.

ETIQUETTE—Great care is taken in this school to supply these features of true education. Specific addresses are given from time to time, by the Deans of the faculty, upon the various phases of "good form." These teachings are insisted upon in the lives of members of the school.

SOCIAL LIFE—As this is a co-educational institution, frequent occasions are made for the natural and proper association of the sexes—always under the chaperonage of members of the faculty.

The College emphasizes simplicity in dress. Elaborate day and evening clothes should not be provided. Students are urged to dress as becomes teachers—prospective leaders of boys and girls.

Several organizations add to these cultural elements in the student's life. These are re-inforced by many literary, musical and scientific gatherings to which pupils are urged to give their time and effort.

CLUBS AND LITERARY SOCIETIES—Flourishing clubs and literary societies are maintained by the students. Everyone is encouraged to become a member of at least one club, and to take an active part in the meetings.

LIBRARY—As an adjunct to all this, and also an essential aid to class work, the school is supplied with a superior circulating and reference library, selected by the librarian and the teachers of the several departments. More than a thousand volumes are added yearly, and it is catalogued after the most modern and approved plan. It is housed in commodious and well-lighted rooms, and in the library is to be found a list of the leading magazines and the daily and weekly papers. The library is also open of evenings.

LIBRARY STUDY—All students are required to take a course in library work, thus fitting them the better to use and enjoy libraries and to direct the reading of their pupils. An especial phase of the work is the study of Juvenile Literature.

ENTERTAINMENT COURSE—We maintain a superior course of lectures and entertainments each year. These lectures are open to all students of the college, the enrollment fee paying for the course ticket.

FRATERNITIES—Kappa Delta Pi is an international fraternity restricted to students of high ability and character and to faculty members in schools of education in colleges and universities. It now comprises nearly seventy chapters and over 14,000 members.

Beta Rho chapter in Mansfield was initiated in May, 1930, and now has about sixty members. Students become eligible in the Junior year, and membership continues even after graduation. Each member receives the quarterly magazine "The Kadelpian Review."

The Phi Sigma Pi is an honorary professional fraternity limited to men of high scholarship who expect to make educational work their life profession. It purposes to encourage wholesome fellowship and to stimulate promising young men to a life-long study of educational problems. A strong local chapter has been established at Mansfield.

ENVIRONMENT—But choice cultural elements cannot be wrought into one's habit of life unless his environment lends constant support to that end. Our pupils are brought to a dining-room unexcelled by any school, whether we consider the quality of what is furnished or the attractiveness of the room in which it is enjoyed; the rooms of our students are most commodious and the best furnished to be found in any college of our class; while the corridor and public rooms are adorned with statuary and pictures which reflect the choicest that art has yet produced.

RELIGIOUS AIDS—The religious element in our natures receives here the attention which its importance merits. Without a touch of sectarianism, but with constant regard for those of all faiths, the very life of the college is made to reveal the spirit of true religion. Bible study, stated meetings for devotion, missionary study, and religious addresses—all under the auspices of the Y. M. C. A. and Y. W. C. A.,—although purely voluntary, are always encouraged, and are largely attended. Sunday morning church attendance is advised, as is also six o'clock vesper service.

ATHLETICS—Athletics comes in also for its due share of attention. A committee of Trustees and Teachers controls this phase of the school's activities.

The games of Football, Basketball, Bowling, and Tennis are open to all members of the College.

HEALTH EDUCATION—Aside from the above named sports of the school, especial attention is given to Health Education. This is for the health, strength and grace of the individual, as well as for its value to him as a teacher. In this work pupils are required to wear clothing suitable for such exercises—divided skirt and loose blouse for the

ladies; a negligee shirt for men, and rubber-soled shoes for all. Students are advised not to get suits until they reach Mansfield, so that all may follow an approved pattern. They can be purchased here at very slight cost. All regular students of the school, regardless of the course they are pursuing, are required to take work in the gymnasium, unless they are physically incapacitated, in which case they are excused upon presentation of a physician's certificate.

A graduate dietitian, of wide experience, has entire charge of the kitchen and dining room, planning all meals and supervising the cooking of the same. She is also the instructor in nutrition. It is just as important to be well fed as to be well dressed and well educated.

A State Hospital is located at Blossburg, nine miles from Mansfield, on the macadam road, and on the Erie Railroad, where serious operations or diseases receive immediate attention at low cost, by special arrangement between the College and the Hospital.

RESIDENT PHYSICIAN—A resident physician is now on the staff. He gives instruction in Health Education and has charge of the health of the students and faculty who board in the dormitories.

HOSPITAL—The College provides a hospital, with a resident nurse. No charge is made for the services rendered by the nurse, but in case of contagious or prolonged diseases, parents must provide a special nurse. Every precaution is taken to insure the health of the pupils.

STUDENTS' ROOMS—The educational influence of our students' rooms is not overlooked. They are commodious and are tastefully decorated and furnished. Two students are expected to occupy a room.

Ladies' rooms are furnished with carpet, rockers, straight chairs, tables, bed-room set complete, pillows, and mirror on dressing case.

Gentlemen's rooms are furnished with arm chairs, straight chairs, tables, wash-stand, dressing case with mirror, bed and pillows.

All rooms are heated by steam and lighted by electricity.

Students furnish napkins, towels, pillow-slips, sheets and comfortables or blankets. At least four sheets will be needed.

IMPORTANT

All personal articles of clothing, sheets and towels, should be distinctly marked with printed name, according to the following directions demanded by the Mansfield Steam Laundry which does our work under contract. Otherwise, the laundry assumes no responsibility in case of lost articles:

1. All students (girls and boys) and faculty are required to use woven name tape on everything sent to the laundry. This tape may be purchased at most department stores or at supply houses. Or you may send to: J. and J. Cash, Inc., 66th St. South Norwalk, Conn., who advertise the following prices—3 dozen name tapes, $1.50; 6 dozen, $2.00; 9 dozen, $2.50; 12 dozen, $3.00. Buy a supply large enough to last for the year.

2. Woven name tape should be stitched beside manufacturer's brand on shirts and underwear. On more delicate lingerie, tape should be stitched under the arm.

3. All articles should be marked before student enters the college, as no arrangement can be made at the college for doing this, except by the student himself.

Please note that printed name on a tape is what is expected, and not a name written in indelible ink, which in time fades away, and causes loss of articles.

Shoes with rubber heels, or rubber tipped heels, are desirable for school wear.

HONORS—Nominations for public honors made by any organization of the college, must be submitted to the faculty for approval before the person can be elected.

FREE SERVICE TO SCHOOL BOARDS AND TEACHERS—School Boards and Superintendents desiring the services of good teachers are requested to make early application to the President of the College. Students will be recommended entirely upon the record which they have maintained while at this school, or through personal knowledge. Graduates are asked to keep in touch with the President in order that they might be recommended for better positions demanding experience. A Teachers' Bureau, no commission charged, is maintained for the benefit of our graduates.

FINANCIAL AID TO WORTHY STUDENTS

STUDENT LOAN FUND—A fund of about $20,000 has been established largely by Alumni to aid worthy students. Although this sum seems large, nevertheless it is really very small when attempt is made to distribute it to the worthy cases that are presented. For that reason it is necessary to establish provisions that will most nearly fit the condition of the school and of the student who desires to complete his course here. Reasonable amounts may be borrowed to be paid back after the student graduates. The provisions are:

1. Not available during summer sessions.

2. Available only during last two years of attendance at Mansfield. If student is in a two year course, he is eligible; if in a three year course, not eligible until his middle year; if in a four year course, not eligible until his Junior (next to last) year.

3. Not more than $100 a year to a student.

4. Note for the amount is to be signed by the applicant and a responsible person with property; or a security bond (from a bonding firm) given for the full amount.

5. No interest will be charged during the time the recipient of this fund is a student in our Teachers College. Interest at the rate of 5 per cent will be charged the first year after he leaves the college. Six per cent will be charged the second year. The entire amount must and should be paid during the first year in installments from $10 to $20 a month.

6. The amount borrowed in any one year cannot be applied all at once on entering, but in equal quarterly installments, as the bills from the school fall due. A student borrowing $100 may use $25 on entering; $25 at the middle of the semester; $25 at the beginning of the second semester; and $25 in advance of his needs. If he asks for $100, and does not need the full amount, he does not have to borrow more than he needs.

7. Application to the President for the amount desired should be made before September 1. He will inform you if money is available, and will issue you a statement which you will present to the Bursar on entering.

THE TRAINING SCHOOL—The opportunities offered the student teachers in the Training School are unexcelled by any Teachers College. Although Mansfield is a small borough of 2,000 inhabitants, yet the sur-

rounding community, as a whole, is fairly populous for school purposes and progress. Many rural schools dotted the hillside, but a few years ago, all of these, for miles around, were consolidated with our Training School. These, combined with the borough pupils—all borough pupils up to and including Grade IX are in our Training School—give us a public school system of 600 pupils, organized in grades and a Junior High School. The Training School faculty and all equipment and supplies are selected by the College authorities. The Seniors teach and observe under real school conditions—20 to 35 pupils to a room, with the best of training teachers to supervise and direct. All plans and problems are carefully considered before the student teachers take charge of the school.

Additional training school facilities are obtained in Wellsboro public schools. Home Economics seniors also have practice assignments in the vocational schools of Williamsport, Towanda, New Albany, Trucksville and other centers.

TIOGA WOMEN'S CLUBS FOUNDATION

The Tioga County Federation of Women's Clubs has established a loan fund to be administered on the same terms as the Student Loan Fund. The fund is limited to one loan of one hundred dollars per year for the present. As the fund grows and students begin to return the loans more than that will be available. The loans are available to any girl from Tioga county, preference to be given to applicants of the Home Economics Department. Application for loans from this fund should be made to the President of the college.

STATE SCHOLARSHIPS

Holders of State Scholarships may use them at the Teachers College, provided the recipient is in a four year degree course.

BUILDINGS AND GROUNDS

The College buildings present a noble and imposing aspect. The grounds have an area of fifty acres. The lawns about the buildings are beautifully laid and covered with a great variety of forest trees. The sports are carried on in Smythe Park, a beautiful enclosure in Mansfield of about thirty acres, containing a ball field that is unexcelled, and with seating capacity for five thousand persons.

STRAUGHN HALL

In the fall of 1930, a beautiful new auditorium was completed. This building will seat about 1400 persons. It is modernly equipped in every way with the most recent of stage scenery and stage settings. The Austin organ was removed from old Alumni Hall, reconstructed and new stops added, so that it is now one of the most complete music instruments in the state. In this building for the present are located two of the music studios. This structure has been officially named Straughn Hall by the trustees.

SOUTH HALL

This is a brick structure, one hundred fifty feet in length by fifty feet in width. In this building are the men's dormitories, the circulating library, reading room and reference library, recitation rooms, and the text-book library. The building, formerly the old seminary, was enlarged and remodeled in 1889. One hundred and fifty feet north of South Hall, stands the

NORTH HALL

This is one of the finest College buildings in the country. It is two hundred and seventy feet long by one hundred feet wide, and five stories high. It contains the President's office, dormitories for the women, reception rooms, Y. W. C. A. room, suite of rooms for the Art and Music Department, an elegant dining room large enough to seat five hundred, passenger and freight elevators, kitchen, bakery, cold storage plant. The dormitories on each floor of both buildings are supplied with bath tubs, showers, and everything needed for health and comfort. All the buildings are heated by steam, lighted by electricity, and supplied with fire escapes of best construction. Midway between the North and South building is

ALUMNI HALL

This is a brick building, fifty-four by one hundred seventeen feet, three stories high. It contains the recitation rooms. This builing was completed in 1886. In the rear of South Hall stands the

GYMNASIUM

This is a fine structure; it is a frame building one hundred by one hundred thirty feet; it contains a large hall, fifty by one hundred feet, two spacious rooms used for dressing rooms, a room equipped with shower-baths and lockers, and one class room. The drill hall is well furnished with apparatus. This building was erected in 1888.

SCIENCE BUILDING

On October 16, 1930, the carpenters finished their work on the new science building. When ready for occupancy, this building will provide the much needed space for our courses in biology, chemistry, and physics. It is a single story structure, fifty by one hundred forty feet, with a classroom to seat seventy students, two offices, three stock rooms, three chemistry laboratories, one laboratory for physics with dark room, and one laboratory for biology. There is a hallway eight feet wide running lengthwise from which entrance to the different rooms is made. The building is located midway between North Hall and the New Junior High School.

TRAINING SCHOOL

To the east of North Hall there stands a superior structure devoted to the Training School. The building is one hundred and twenty feet in length by seventy-two feet in width; two stories and a basement. It contains twelve regular class rooms, a commodious assembly hall, office and other rooms for the special help of retarded children. In the basement are separate play rooms for boys and girls, heating and ventilating appliances, etc. It is a fire-proof building erected of re-inforced concrete, with brick facing. Connected with the Training School are play grounds and school gardens.

HOSPITAL

A hospital (brick building) completely isolated from the dormitories, is in full operation. It is furnished with every appliance for the sick, and it also contains the permanent apartments of the regular nurse. In connection with the hospital (but entirely apart from the general hospital), there are quarantine quarters, fully equipped for contagious diseases.

PRESIDENT'S HOUSE

A beautiful residence has been erected on the south campus, built of red brick of the colonial type of architecture. It is in complete harmony with the main buildings, and adds dignity to its surroundings.

Y. M. C. A.

A bungalow, ninety by thirty-five feet, has been built in the rear of the gymnasium, on the extreme south campus, known as "The Y," to be devoted exclusively to the religious and recreational activities of the boys. This is their own building, and contains reading room, rest room, and a large auditorium. The interior is as cozy as it is beautiful. A large fire-place is in one end of the building. Pennants, athletic trophies and pictures of school organizations create an atmosphere of activity and loyalty. A large porch, ten feet wide, runs almost the entire length of the building. The structure cost $10,000. This building is under the supervision of a director. It is felt that the use of this, as planned, will be a powerful uplift among all the boys, as it is in no way sectarian. So far as we know, this is the only building of its kind at any of the schools, and is strictly in line with the purposes of this school to remain at the front in developing young men.

Y. W. C. A.

The Y. W. C. A. has an established place in the college with the majority of the girls enrolled in its membership. It stands for the betterment of the religious, mental, moral and social sides of life. Weekly devotional meetings are held every Thursday night in the rooms which are located on the first floor of North Hall.

The rooms consist of a large living room, comfortably and artistically furnished, and a thoroughly equipped kitchen. All current magazines, radio, piano, victrola and games are some of the things included in the furnishings of the rooms. Many clubs and school organizations meet here, making the atmosphere of the rooms one of good-fellowship, activity and loyalty.

HOME MANAGEMENT COTTAGE

(See item under Home Economics Course.)

HEATING PLANT

The new central heating plant, located across the street from the Training School, has been completed. It is a brick structure, costing with equipment, about $45,000.

JUNIOR HIGH SCHOOL

One of the finest Junior High Schools in the state has been erected on the campus of the College, as a part of the Training School system.

SPECIAL LAUNDRY ROOM

There is a special room where the girls may do any extra washing or ironing that they desire.

A special room has been prepared in the Gymnasium where boys may press their clothes. This, too, is equipped with electric irons.

SMALL BUILDINGS

Numerous smaller buildings, as barns, ice house, cold storage, pumping stations, etc., on the farm, add to the utility and convenience of the plan.

TENNIS COURTS

Seven large, well-kept tennis courts are maintained. These afford one of the most beneficial exercises for the boys and girls.

EXPENSES IN THE COLLEGE COURSES

(Regular, Home Economics, and Music)

The college year is 36 weeks in length.

All checks are to be drawn to the order of "Commonwealth of Pennsylvania," and payment is to be made to the agent of the Revenue Department in charge of the revenues at the college.

1. The total expenses in the Regular college course are:

FIRST SEMESTER

Board (including 12 pieces of laundry a week)	$144.00
Enrollment fee	20.00
Books (purchased) about	15.00
Deposit on key to room	1.00
	$180.00

The above amount ($180) is due and must be paid when the student enters for the first semester, unless previous arrangement has been made with the President. Practically all boarding students will have paid the advance room reservation deposit of $10, which amount is to be deducted, for the first semester only.

2. If the student is registered in the Home Economics course, she will pay as above (in the Regular College course), and in addition a special fee of $36 a semester, which will cover all foods and other laboratory charges except clothing material, which must be furnished by the student.

3. A student registered in the Music Supervisors' course will pay as in the Regular College course, and in addition a special fee of $72 a semester. This fee will entitle the student to two or more private lessons per week. These may be in voice, piano, violin, or other stringed instrument, as shall be determined after a conference with the Music Director. Daily practice periods, as required, are also included in this fee. There is no reduction for lessons missed. In case of personal illness, the instructor will endeavor to make up the lessons, if convenient.

4. Out-of-State students, and students not 17 years old, pay tuition. See Uniform Fees, paragraph VI.

SECOND SEMESTER

The charges in all the courses are the same as for the first semester in these courses, except that the key deposit is required only of entering students.

IMPORTANT

Students bringing checks or money orders are requested to make out the amount for the board and enrollment (less the reservation deposit of $10) and special fee in Home Economics or Music, on one check; and the amount for the books on another check; and to have the $1 key deposit in cash. This is necessary as we cannot return cash on any check made to the Commonwealth of Pennsylvania.

EXPENSES FOR PRIVATE LESSONS IN MUSIC

These Music expenses are only for students who are not taking the Music Supervisors' Course, as such students are granted a special rate previously listed.

Students desiring to take private music lessons at Mansfield or to rent music instruments, refer to Paragraph VII, section 3, of the report on Uniform Fees, etc., in this catalog, as Mansfield is one of the colleges maintaining the special curriculum in Music.

UNIFORM FEES, DEPOSITS, AND REPAYMENTS IN THE STATE TEACHERS COLLEGES

Effective June 1, 1930

A. FEES

I. Enrollment and Service Fee:

(a) Regular term, $20 each semester.
(b) Summer session, $15.
(c) A registration of $5 per semester hour for off-campus instruction.

Except for (c) above, this fee covers registration and keeping record of students, library, athletics, lectures, entertainments student welfare, health service, (other than extra nurse and quarantine), non-instructional personal service (as in gymnasium), laboratory, and the college paper.

II. Damage Fee:

Students shall be responsible for damages, or breakage or loss of college property.

III. Infirmary Fee:

After three days in the college infirmary the college shall charge an additional $1.00 for each day.

Day students who may be admitted to the infirmary shall pay board at the rate of $2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

IV. Isolation Hospital Fee:

If the college maintains an Isolation Quarantine Hospital for contagious diseases, the college shall charge $10 per week additional, but this service charge does not include trained nurse or special medical service.

Day students, who may be admitted to the Quarantine Hospital, shall pay the board rate of $2.00 a day (see III above), and in addition shall pay $10 a week, but this additional charge does not include trained nurse or special medical service.

V. Housing fee:

1. Housing rate for students:

The housing rate for students shall be $144 per semester, and $48 for the Summer Session. This includes room, meals and a limited laundry.

(a) For rooms with running water an additional charge of $9.00 per student per semester, or $3.00 for the Summer Session may be made. (No additional charge is made at Mansfield.)

(b) No reduction in the rate is to be made for laundry done at home nor for students who go home for a few days at a time.

(c) A student may, at the discretion of the President of the college, occupy a double room alone by paying an additional $36 a semester, or $12.00 for the Summer Session.

2. Housing rate for employees other than those included in the State Classification schedule (Faculty, clerks, etc.) shall be $10.00 per week.

3. The rate for transient meals shall be:
Breakfast $.40; Lunch $.40; Dinner $.50.

VI. Tuition Fee:

Students whose residence is out of the state shall be charged a fee of $105 per semester; $35 per summer session. (It is understood that this fee has been operative since June 1, 1929, for entering students only.)

VII. Special Instruction Fee:

1. Fees in the special departments (at those colleges maintaining these special curricula) shall be as follows:

Music	$72 per semester	or $24 for Summer Session
Home Economics	$36 per semester	or $12 for Summer Session
Art	$18 per semester	or $ 6 for Summer Session
Health	$18 per semester	or $ 6 for Summer Session
Commerce	$ 6 per semester	or $ 2 for Summer Session

2. Out-of-state students registered in one of these special curricula shall pay the fee of the department as above in addition to the $105 semester fee regularly charged (See VI above.)

3. The charge for private lessons in music, in the State Teachers Colleges maintaining the special curriculum in music, shall be:

(a) Voice, piano, band or orchestral instruments, $24 per semester—for one lesson per week.
Pipe organ, $42 per semester—for one lesson per week.

(b) Rental of piano for practice, 1 period per day, $6.00 per semester.
Rental of pipe organ for practice, 1 period per day, $36 per semester.
Rental of band or orchestral instruments, $6.00 per semester.
(For summer session the charge is one-third of above rates.)

4. The charge for private lessons in music in the State Teachers colleges not maintaining the special music curriculum shall be fixed as follows:

The Board of Trustees of a State Teachers College not offering the special curriculum in music, may, subject to the approval of the State Superintendent of Public Instruction, enter into contract with individuals to give private lessons in music in order to afford an opportunity for students to continue their musical education. Such agreement shall provide reasonable reimbursement to the institution for any service or overhead supplied by the institution.

VIII. Degree Fee:

A fee of $5.00 shall be paid by each candidate for a degree.

IX. Record Transcript Fee:

One dollar ($1.00) shall be charged for the second and each subsequent transcript of records.

X. Delinquent Accounts:

No student shall be enrolled, graduated, or receive a transcript of his record until all previous charges have been paid.

B. DEPOSITS

I. Key Deposit:

A charge of $1.00 shall be made as a deposit for each key. This deposit will be returned upon return of key.

II. Advance Room Reservation Deposit (Dormitory Students):

A deposit of $10 shall be made by prospective dormitory students when they request advance room reservations. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date when it will be paid into the State Treasury to the credit of the student's housing fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

Check for this account must be drawn to William R. Straughn. President.

III. Advance Enrollment Deposit (Day Students):

Day students desiring to reserve advance enrollment shall deposit $10. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date when it will be paid into the State Treasury to the credit of the student's Enrollment and Service Fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

Check for this account must be drawn to William R. Straughn, President.

C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above, may be charged by a State Teachers College.

D. REPAYMENTS

In order that there may be uniformity in practice in the matter of making repayments, the Teachers College Presidents hereby agree to the following regulations:

I. Repayments will not be granted:

1. To students who are temporarily suspended, indefinitely suspended, dismissed, or who voluntarily withdraw from school, except for personal illness, the same being certified to by an attending physician, or for a family emergency of which the school authorities are fully informed and which the President of the institution approves.

2. For any part of the registration fee for any cause whatsoever.

II. A repayment allowed for personal illness or for a family emergency will be made for half of the amount of the semester fees chargeable for the part of the semester which the student does not spend in school.

III. Advance reservation deposit will be returned to students provided they notify the college three weeks before the opening of the semester of their intention not to attend.

FOR PROSPECTIVE STUDENTS

Kindly answer the following questions, and mail this form to the President. It will aid in finding a room-mate for you and attending to other important matters.

1. **Name** .....
   First name Middle name Last name
2. **Home Address** .....
3. **Of what approved four year high school are you (or will be) a graduate?**
4. **Your age.....; height.....; weight.....; race.....;**

   Church preference .....
5. **When do you expect to enter?**.....
6. **Do you want a room reserved in the dormitories?**.....
7. **Date you made this application for room**.....
8. **If we cannot accommodate you, shall we assign you to one of the cottages under our control?**..... **In this case, do you wish room and board in same cottage? Or, room in cottage and table board in College dining room? (In all of above cases the full boarding rate is about the same.)**
9. **Or, have you made your own rooming and boarding arrangements?**..... **At what place** .....
10. **Have you enclosed, with this form, your check for $10.00 (reservation deposit)?** .....
11. **Are you willing to let us make the best arrangements possible for you in an approved place in the village, in case the dormitory is filled when we receive your application?** .....
12. **What course do you expect to take? Regular College (two or four year course); Home Economcs; Music Supervisors'?**
13. **Have you sent to the College President for a high school credit form entitled "Application for Admission," required by the Department of Public Instruction of all persons who now enter College?**..... **This is for your complete high school credits, which must be on file in the office of the President by August 11.**

WHY NOT TEACH?

Teaching now offers:

1. An adequate wage. A Normal School graduate cannot receive less than $100 a month, at the very beginning. What other business or profession now offers superior initial inducements?

2. An opportunity for personal and professional advancement. Teaching is not a blind alley profession. The teacher can keep on growing.

3. A large field of service. No profession surpasses teaching in the call for service—personal, community, national. The teacher discharges a Christian and patriotic duty in the training of youth in correct habits, ideals, and citizenship.

4. Vacation opportunities to study, travel, or rest. This should be an important factor in the selection of life's work.

5. A real joy by constant contact with childhood and youth. The influence of the teacher often survives for years in the lives of his pupils. "The love you liberate in your work is the only love you keep."

"Enrich your life with a knowledge of many things; ennoble it by teaching others."
